Storm Data and Unusual Weather Phenomena - June 2008

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
<p>Rainfall on June 6th, ranging from 5 inches in central Crawford County near Robinson to more than 9 inches in northeast Crawford County near West York and York, produced extensive flooding in much of the county. Nearly 50 homes in rural parts of northern Crawford County sustained flood damage. Most roads north of State Route 33 were under water from late on June 6th to the 13th. Crawford County was declared a disaster area due to the extensive flooding.</p>				
CUMBERLAND COUNTY --- 0.8 SSW LAKE MATTOON [39.37, -88.42], 4.2 NE UNION CENTER [39.37, -88.02], 2.0 ESE HAZEL DELL [39.19, -88.01], 1.6 WNW WALLA WALLA [39.20, -88.23]				
	06/06/08 23:45 CST		0.10M	Flood (due to Heavy Rain)
	06/18/08 10:00 CST		0	Source: Emergency Manager
<p>Rainfall amounts of 5 to 7 inches between June 4th and the 6th produced extensive flooding in Cumberland County, particularly in rural areas north and east of Greenup. Numerous county roads were under water between June 7th and the 13th. Cumberland County was declared a disaster area due to the flooding.</p>				
<p>Several episodes of heavy rain from June 2nd through the 4th, and again on the 6th, produced copious amounts of rain and extensive flooding in eastern Illinois which persisted for two weeks. Rainfall totals ranged from 5 to 11 inches between June 2nd and June 6th, with the majority of the rain falling on June 6th. Hundreds of homes and businesses were flooded, and six counties were declared disaster areas with total damages estimated around \$3 Million. An elderly man was killed on June 5th in rural Coles County as he attempted to cross a flooded bridge in his vehicle.</p>

Multiple roads closed due to high water flowing over them, including IL Route 121 near Greenup. Two mudslides occurred north of Greenup. A vehicle was found submerged at the Cumberland County Fairgrounds. At least 2 bridges and multiple roads suffered damage from the flooding in Greenup.				
An area of strong to severe thunderstorms with very heavy rain moved across east central Illinois during the afternoon and evening hours of the 6th. Several storms produced wind damage and one storm produced a tornado that passed through the town of Lerna in Coles County. Widespread flooding occurred in the wake of the storms.				
JASPER COUNTY --- 1.4 WSW ST MARIE [38.93, -88.05], 3.3 ENE ST MARIE [38.94, -87.96], 2.4 ENE RAFETOWN [38.87, -87.96], 1.6 WNW RAFETOWN [38.86, -88.03]				
	06/06/08 23:00 CST		60K	Flood (due to Heavy Rain)
	06/15/08 19:00 CST		0.28M	Source: Emergency Manager
As a result of very heavy rainfall over east-central Illinois, the Embarras River at Ste. Marie reached an all-time record stage of 28.01 feet at 2315 CST on 6/7. Widespread flooding impacted a few homes near the Embarras River, but the largest impact was to agriculture near Ste. Marie and to the southeast. Jasper County was declared a disaster area due to the flooding.				
JASPER COUNTY --- ST MARIE [38.93, -88.02], 1.5 WNW RAFETOWN [38.86, -88.03], 1.4 E RAFETOWN [38.85, -87.97], 2.5 E ST MARIE [38.93, -87.97]				
	06/07/08 23:10 CST		0	Flash Flood (due to Dam / Levee Break)
	06/08/08 17:00 CST		0	Source: Law Enforcement
At approximately 2310 CST on 6/7, law enforcement officials reported a levee break near the Yaeger Bridge just southeast of Ste. Marie. This break led to widespread flooding downstream across the southeast part of Jasper County.				
As a frontal boundary slowly dropped southward into the area during the evening of June 6th, thunderstorms continued to develop across parts of east-central and southeast Illinois. Fed by an increasing low-level jet from the southwest, the storms continued to back-build across the same locations, producing copious amounts of rainfall. The heaviest rain occurred along the I-70 corridor, where amounts between 5 and 10 inches were common. The Embarras River rose to record levels which caused a levee to fail near Ste. Marie.				
LAWRENCE COUNTY --- 0.7 N KLONDYKE [38.84, -87.78], 2.5 NNE ST FRANCISVILLE [38.63, -87.63], 4.4 E BEMAN [38.71, -87.52], 2.7 NNE LAWRENCEVILLE ARPT [38.80, -87.58]				
	06/08/08 12:00 CST		1.50M	Flood (due to Heavy Rain)
	06/20/08 12:00 CST		0	Source: Emergency Manager
Heavy rainfall caused record flooding on the Embarras River at Lawrenceville. The river reached a level of 42.3 feet at 2325 CST on 6/9. This resulted in the breach of at least 4 levees on the Embarras and Wabash Rivers which produced widespread flooding in eastern Lawrence County. In the town of Lawrenceville, 158 homes had water in the first floor living area, while 48 others reported water in the basement. In addition, 8 businesses had in excess of 5 feet of water. Lawrence County was declared a disaster area due to the flooding.				
LAWRENCE COUNTY --- 2.1 E PETROLIA [38.76, -87.73], 2.0 WSW LAWRENCEVILLE [38.71, -87.71], 1.1 ENE LAWRENCEVILLE [38.73, -87.65], 1.6 WSW PINKSTAFF [38.77, -87.70]				
	06/10/08 01:33 CST		0	Flash Flood (due to Dam / Levee Break)
	06/10/08 19:00 CST		0	Source: Emergency Manager
At approximately 0133 CST on 6/10, Lawrence County emergency managers reported a 100 yard wide levee failure along the Embarras River just northwest of Lawrenceville. This break led to widespread flooding downstream across much of eastern Lawrence County.				

Storm Data and Unusual Weather Phenomena - June 2008

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
LAWRENCE COUNTY --- 0.7 NE PINKSTAFF [38.79, -87.66], 1.7 W LAWRENCEVILLE [38.72, -87.70], 1.5 ESE LAWRENCEVILLE [38.72, -87.64], 1.8 NW LAWRENCEVILLE ARPT [38.79, -87.62]

At approximately 0655 CST on 6/10, Lawrence County emergency managers reported a 400 yard wide levee failure along the Embarras River near Beaver Creek just south of Lawrenceville. This break led to widespread flooding downstream across much of eastern Lawrence County.				
LAWRENCE COUNTY --- 1.5 ESE BEMAN [38.71, -87.58], 4.5 ESE BEMAN [38.70, -87.52], 1.1 ESE ST FRANCISVILLE [38.59, -87.63], 2.3 NNW ST FRANCISVILLE [38.63, -87.66]				
	06/10/08 07:03 CST		0	Flash Flood (due to Dam / Levee Break)
	06/10/08 19:00 CST		0	Source: Emergency Manager
At approximately 0703 CST on 6/10, Lawrence County emergency managers reported a levee failure along the Wabash River one mile south of the Lincoln Memorial Bridge. This break led to widespread flooding downstream across much of eastern Lawrence County.				
Due to very heavy rain that fell across east-central and southeast Illinois from 6/6 through 6/8, both the Embarras and Wabash rivers overflowed their banks, breaching several levees. As a result, widespread flooding occurred across eastern Lawrence County, with over 75 square miles affected.				
KNOX COUNTY --- 0.5 W GALESBURG [40.95, -90.38], VICTORIA [41.03, -90.10]
